

Dear residents of GWL Terrein,

My name is Tiffany Khuu, I am a Master's student of Urban and Regional Planning at the University of Amsterdam. In my research, I am conducting a number of interviews on how birds are included in cities, and I would love to hear your thoughts and opinions about birds on this site, of the bird nesting spaces on the sides of the buildings, and of living in this eco-area.

I am kindly seeking volunteers for short meetings (max 40 minutes) to ask a few questions about your thoughts and opinions. No knowledge of birds or eco-developments are required. I would be also happy to better explain the content of my research.

If you are available, please contact me at [tiffany.khuu@student.uva.nl](mailto:tiffany.khuu@student.uva.nl) or at +31 06 1403 5142.

Warm regards,

Tiffany Khuu

MSc Student 2017-2018 Universiteit van Amsterdam  
Urban and Regional Planning (Planologie)
